

Whyville

An imaginative, interactive website that helps students understand and enjoy science.

With over 4.2 million registered citizens, Whyville is the leading education-focused virtual world for teens & pre-teens.

“Whyville has managed to do the impossible—generate massive interest in science among adolescent girls.”
—Christian Science Monitor

“One of edu-gaming’s biggest successes.”
—Education Daily

Whyville

The Only Educational Virtual World for Tweens

- Ensuring the future of biomedical research
- Enhancing understanding, respect and support for the life sciences
- Educating the next generation of laboratory animal scientists

Studies suggest that exposing teenagers to engaging educational and scientific activities can substantially influence future academic and career choices.

Visit www.aalasfoundation.org/whyville.html to learn how the AALAS Foundation is leveraging the power of Whyville to educate future leaders about the essential role of animals in biomedical research.

Whyville

Inspiring the Next Generation

- Educating future leaders about the essential role of animals in biomedical research.
- Promoting understanding, respect and support for the life sciences.
- Inspiring today’s students to become tomorrow’s laboratory science professionals.

The future of animal research in the United States depends on public acceptance of the practice.

The AALAS Foundation relies on the financial support from members like you to launch important public outreach programs like Whyville. Show your dedication to your profession. Make a tax-deductible individual or corporate donation to the AALAS Foundation.

af It’s not a donation. It’s an investment in your future. <http://www.aalasfoundation.org/donate.html>
