Please answer the following questions so we may get to know a little more about you. This will help us prepare the AREA program to better suit your needs. If necessary, please attach another sheet of paper. Do not hesitate to ask any questions on this form or at any time during the program, as others may also want to know the same information.

1. What were your initial reactions when you heard about the AREA program?

2. What opinions on the use of animals in biomedical research do you have?

3. What do you expect to gain from this program?

(continued)

4. At this time, do you have any questions you would like us to address during the program? If so, please list them.

5. Do you have pets? If yes, what kinds of animals? Do you think they might benefit from the use of animals in research? Explain.

6. Do you know anyone who has received the direct and/or indirect benefits of animal research? If so, please tell us how it has helped them.

7. Tell us something about your background.
 - a. Educational background/college degrees/licenses held:

 - b. Total years in teaching and subjects taught over this time:

 - c. Demographics of your current classroom(s):

 - d. Have you participated in any other science-related programs before? Please list.

Any other questions you may have:

NOTE: Your answers to these questions will be used by AALAS to compile information for the evaluation of this program and development of future teacher/student educational programs. *All personal references will remain confidential.*

THANK YOU
We look forward to meeting you!
